Further, Co-ordinator, IQAC, Dr. Lukendra Kakati, in his speech, told to the meeting that without empowering the Women, the development of a nation is not possible. So, it is the duty of the society to protect, to empower and to educate the Women for balanced development of the society.

The environmentalist Ms. Nizara Phukan was invited as the resource person. She spoke on the various aspects of gender equality. and suggested as to how to ensure sustainability in every aspect of life for the survival and the well-being of the posterity. Ms. Phukan, a native of Desangani Village, Sivasagar district undertook a padayatra from Charaideu to New Delhi 'To Save the Mother Earth' . To

initiate her talk, she vividly described her motto of saving mother earth by planting trees , a big challenge indeed, behind the mission undertaken, which had definitely a positive impact on all, particularly the students.

She further informed the audience of the creation of a group called Brikhyabandhu, which works to save the environment and tackle climate change. She also shared her experiences of the struggle undergone and responses received from various kinds of people, organisations and the government in her journey to the accomplishment of the noble work. Being a woman, she had exceptional experiences which, according to her, taught her a lot and empowered her more to work for sustainable development and gender equality in the country. After the speech, the Resource Person interacted with the participants virtually. About 75 numbers of Teachers, Students and Researcher participated in the said program.

The meeting ended successfully with the vote of thanks from Dr. Nibedita Nath, the Assistant Convener, Women’s Cell.
