It gives me great pleasure to bring you the first issue of the Newsletter. The name and fame of an institute depends on the caliber and achievements of the students and teachers. The role of a teacher is to be a facilitator in nurturing the skills and talents of students. The Newsletter presents the achievements of students and contributions of teachers.

The essential purpose of this Newsletter is to inform, engage, inspire and entertain a diverse readership including alumni, faculty, staff, students, parents and other friends of College by presenting an intimate, timely and honest portrait of the College, its people, its programs, its history, its challenges, its resources and its mission.

I would like to place on record my gratitude and heartfelt thanks to all those who have contributed to make this effort a success. I truly hope that the pages that follow will make an interesting read.

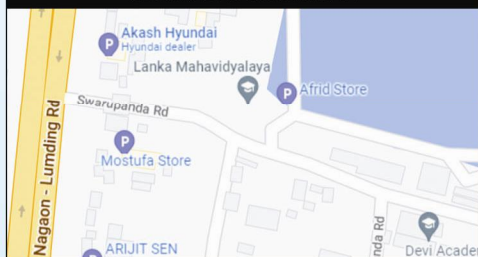

Editorial :

It is a proud privilege on my part to edit the First Volume of the Newsletter, 2022 of our esteemed college, Lanka Mahavidyalaya. A yearly Newsletter showcases all the significant activities of the institution accomplished in a particular year to give a beautiful exposure to the institution, particularly in academic arena. The first volume of the Newsletter is definitely going to usher in a new era and create a milestone in the glorious march of the College. Apart from that, the Newsletter would definitely rejuvenate the entire college fraternity- the authority, teachers, non-teaching staff, students and alumni too and inspire all to carve a niche in their respective domains and contribute meaningfully to the all round development of the most prestigious institution of this greater Lanka area.
